

PRODUCT BROCHURE
TAKE A LOOK AT OUR S-CONTOUR WINDOW BLINDS.

S-CONTOUR FEATURES

Fantastic Functionality:

Vista S-Contour provides the functionality of two blinds in one shading. Daytime privacy is achieved with two sheer facings which can be tilted to control the degree of light and heat entering into your home, as well as maintain your view

Beautiful views:

Vista S-Contour blinds is the best choice for protecting individual secret and controlling the light transmitted. Blinds slices are clamped between two window screenings and when the blinds slices unfolded charming landscape out of window would be appreciated

Energy Efficiency:

Day lighting efficiency is maximized by diffusing and dispersing sunlight throughout the room, which enables lights to be turned off and energy preserved. No cords run through the fabric to detract from its simple elegance.

Range Dynamics:

SHADES: Available in more than 25 beautiful colors spread across 4 different ranges.

FABRICS: 100 % Polyester Fabric. Certain ranges available in blackout fabrics also.

OPERATING SYSTEMS: Available in both manual as well as motorized.

CASSETTES & COMPONENTS: Available in 4 different colors. Also available in fabric covered cassettes.

Seamless Operations:

The shadings can be opened for a soft view, closed for complete privacy or tilted for flexible light control. They are durable and easy to clean because of the use of antistatic fabric.

Get Inspired:

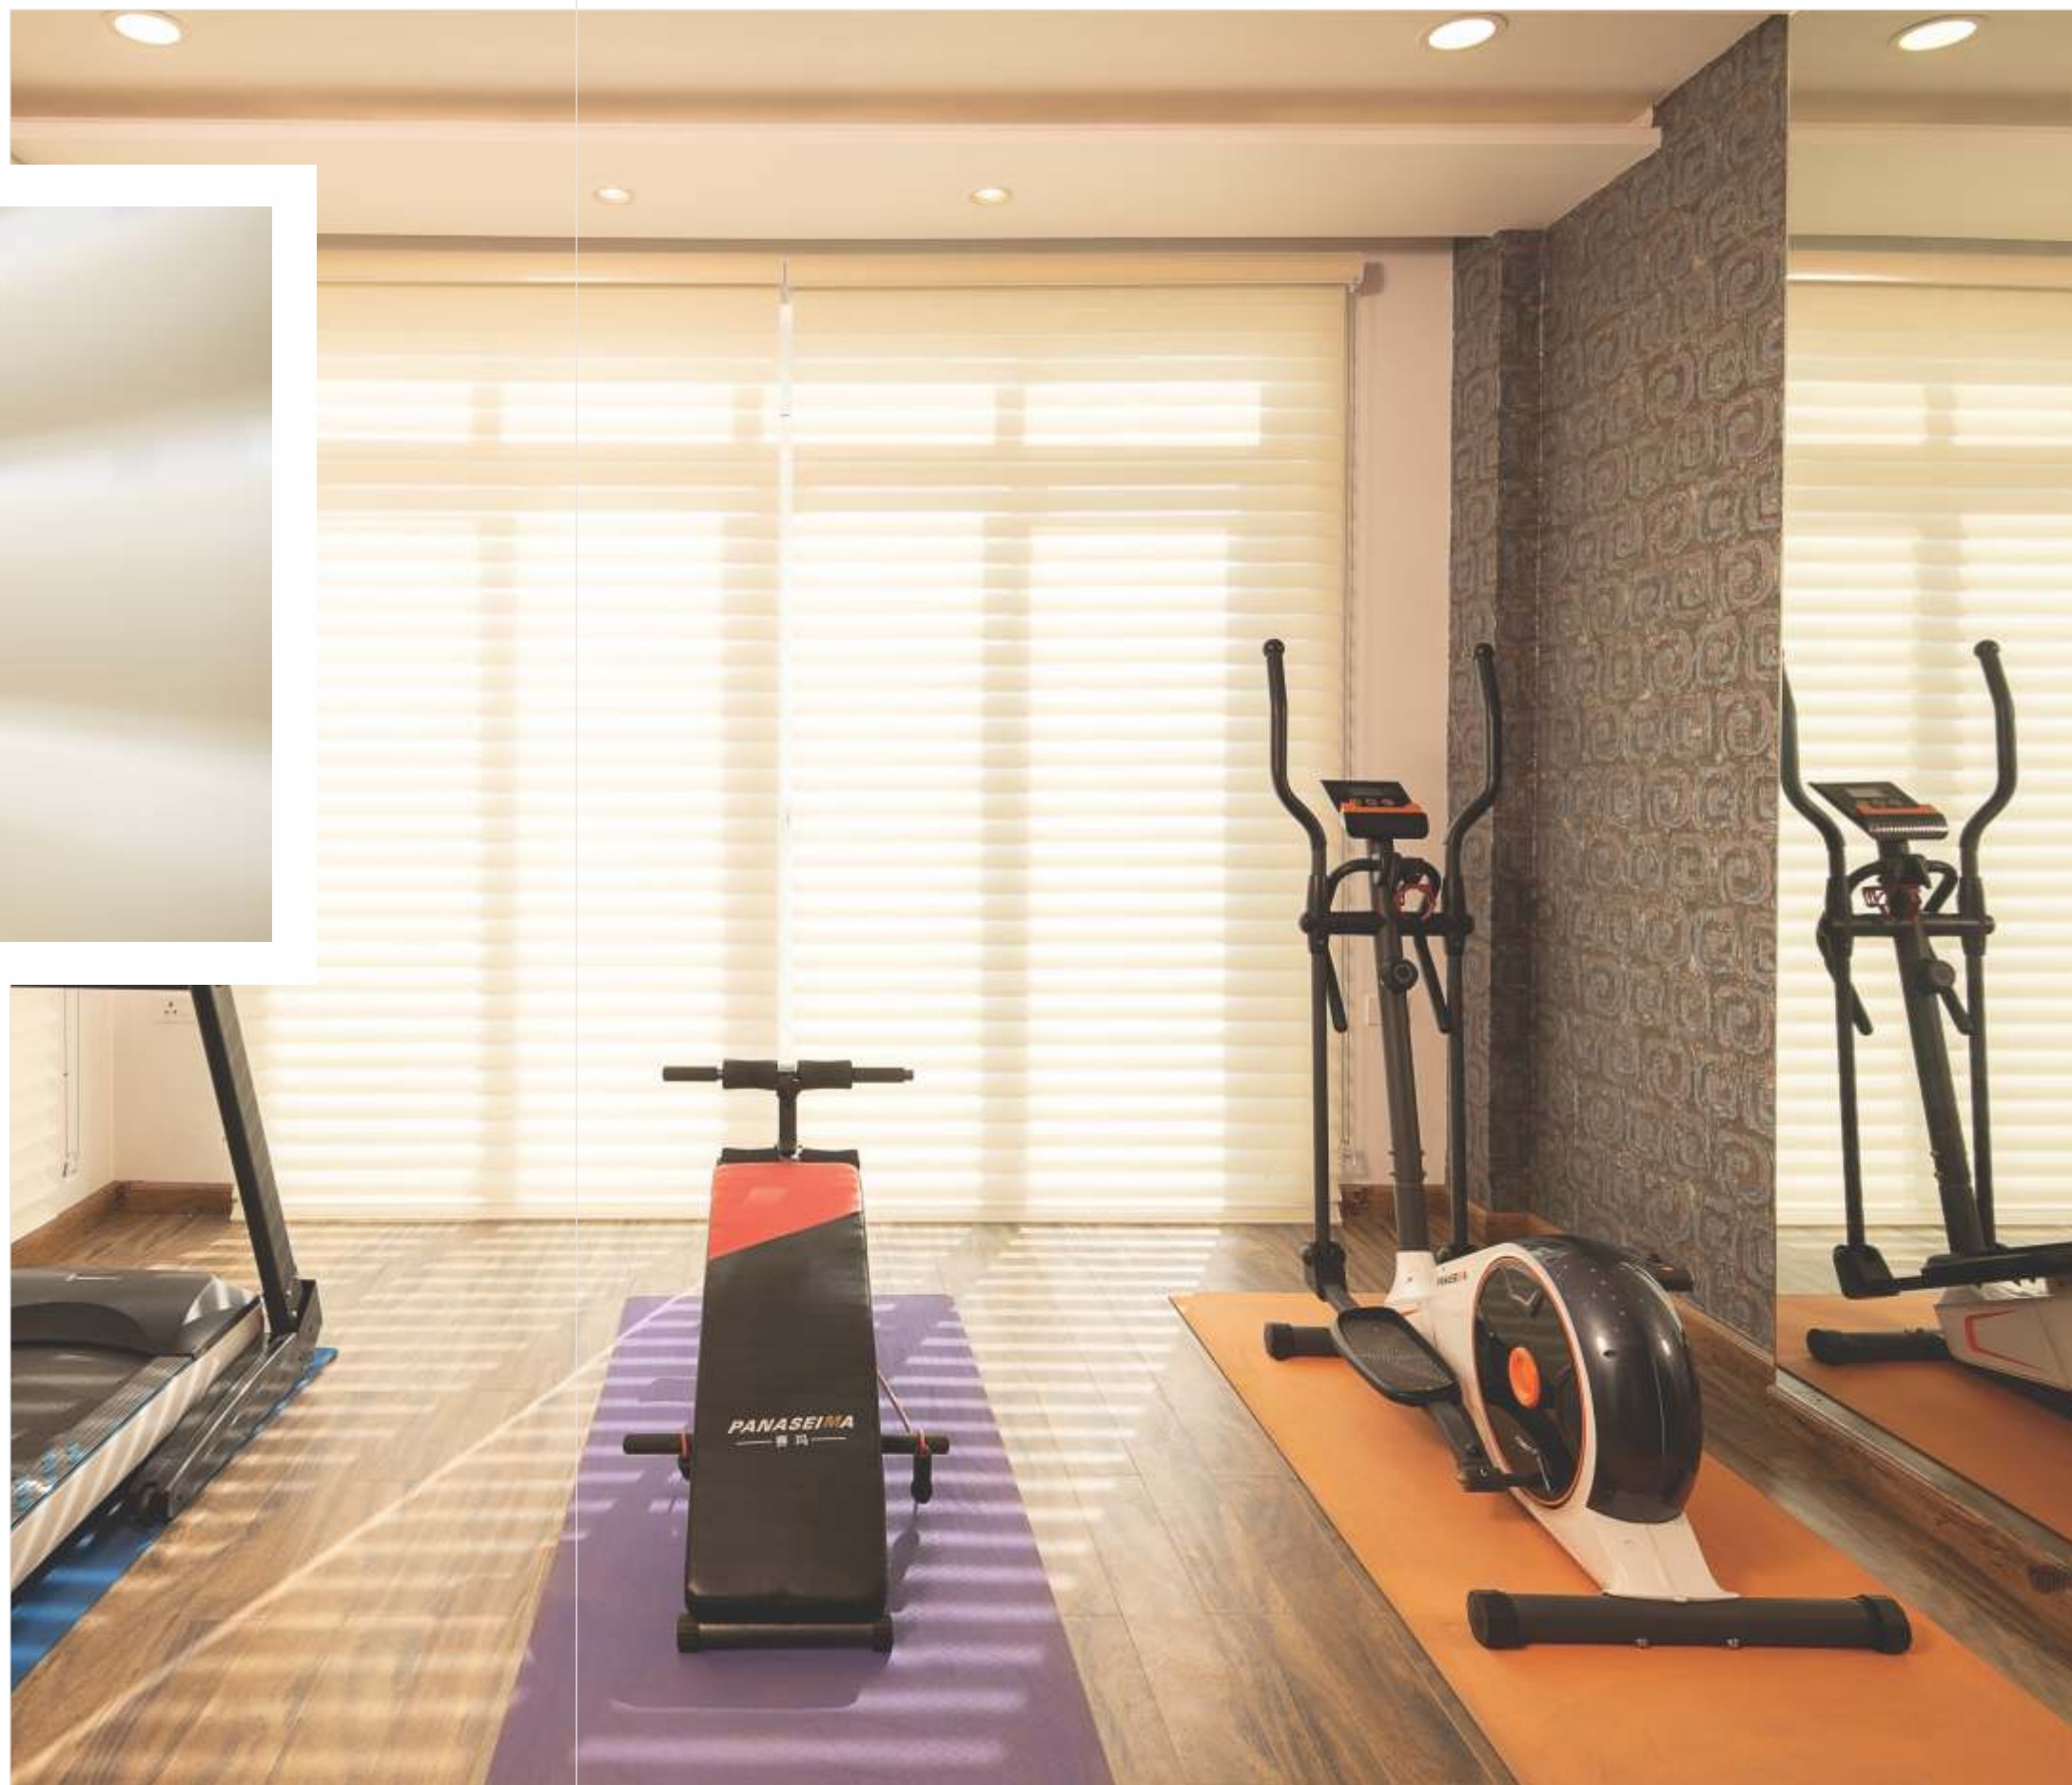

Take inspirations from project gallery @ www.vistafashions.com to install Vista S-Contour.

S-CONTOUR BLINDS

The Triple Shade Blinds

S-Contour blinds, also known as Triple Shade blinds all across the world. Vista S Contour blinds offer stunning usability. They consist of sheer fabrics on either sides, with an opaque fabric attached in between. The fabrics move in gentle alignments creating different effects to control light. The shadings can be opened for a soft view closed for complete privacy or tilted for flexible light control.
