

## PRODUCT BROCHURE

TAKE A LOOK AT OUR VINTAGE FLOORING PRODUCT RANGE.

# Classic FEATURES

## Ideal For The Busiest Spaces

The **Classic** Laminate flooring comes with an AC5 rating, implying that it can withstand the traffic and general usage of your room. The AC rating is a testament to the durability of a laminate floor. These floors are manufactured for the busiest, most high-traffic commercial uses.

They should handle the kinds of uses common to public buildings, including government buildings, department stores, shopping centers and busy bars.

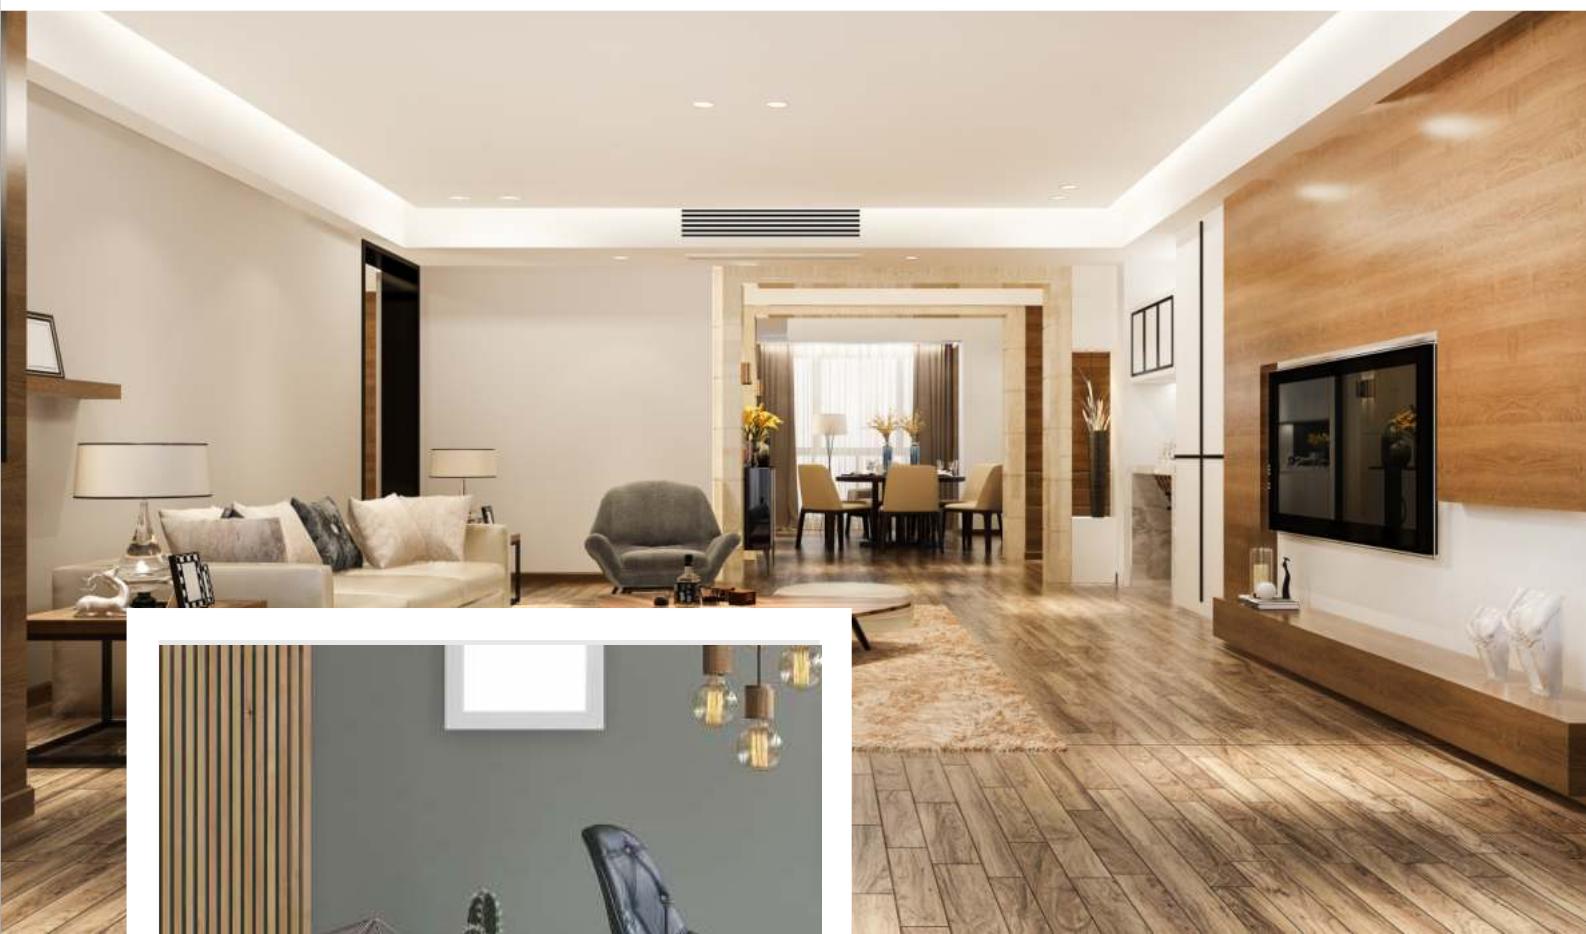

## For Noise Absorption

Our **Classic** floorings are 12mm in thickness. Thickness is one of a few big decisions you'll make buying laminate. Thicker laminate makes installation more forgiving. While thickness isn't the biggest factor in durability, it's a big factor in the feel of the laminate. 12mm laminate is the go-to for people who want the closest thing to hardwood.

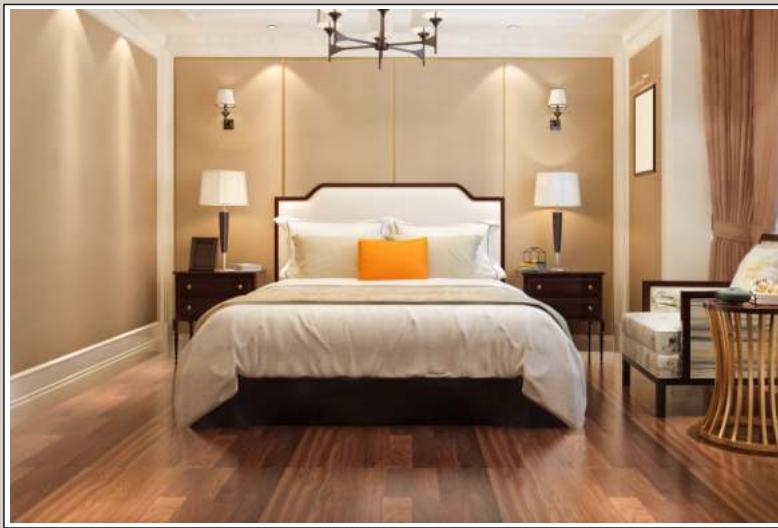

If you have a subfloor that is in any way uneven, or if you live in an apartment or are flooring an upstairs room and want to reduce noise in the rooms below it pays off to choose a thicker laminate.
